

MMX™ Mass Notification System Enclosure

The MMX-BBX-FXMNSG enclosure includes a backbox and a two part door and display deadfront chassis. This enclosure can accommodate all the MMX™ Fire Alarm and audio models, QMP-5101NV vertical mounting master paging microphone and the QMT-5302NV Master Telephone panels. Refer to Figure 1 for the enclosure dimensions.

A red enclosure is also available (MMX-BBX-FXMNSRG).
