

400 SERIES

LED HORNS, STROBES & HORN/STROBES

Compact energy efficient audible/visual solution

MGC's 400 Series LED Notification Appliances offer an audible/visual solution that delivers exceptional energy efficiency in a compact design.

Utilizing advanced LED technology, the MGC's 400 Series LED Notification Appliances provide a lower current draw which allows for more devices on a NAC circuit while reducing the number of external power supplies required.

Designed for indoor/outdoor wall or ceiling mount applications, MGC's 400 Series offer multiple field-selectable audible/visual settings, red and white options for flexibility as well as a wide range of mounting options in an easy to install compact unit.

MGC's Notification Appliances comply with agency requirements including the NFPA 72, UL 1971, UL1638, UL1480, ULC S526 and ULC S541.
